## PRODUCT INFORMATION

### HEAT PROTECTION PLATE REPAIR KIT

#### DESCRIPTION

- The ideal rapid repair system from SWG!
- SWG repair kit consisting of ten pieces for servicing and repairing damaged, rusted or torn heat protection plates.
- If the diameter of the clamping washer is no longer sufficient, simply clamp the supplied SWG plastic washer underneath.
- The plastic washers are flexible and can therefore adapt easily to any curvature and unevenness.
- This offers a rapid, cost-effective alternative to replacing the entire heat protection plate, which often entails the complex removal of the exhaust system.
